PRESIDENT'S LETTER

For 100 years, the Junior League of Houston has remained steadfast in its mission to advance women's leadership for meaningful community impact through volunteer action, collaboration, and training. It is with immense pride and gratitude that we present the 2024 – 2025 Annual Report as we reflect on a historic year of service and celebration.

This year has been particularly poignant as we celebrated the League's Centennial Anniversary. One hundred years ago, our journey began with 12 incredible women who saw a need in our community and came together to address it. Today, our members continue to be change agents who understand how training and collaboration can make a lasting impact on Houston.

The 2024 – 2025 League year was marked by a vibrant spirit of connection. From members deepening friendships and completing their annual requirements to our Tea Room special events booking to capacity, the energy within our building has been awe-inspiring. This sense of affinity speaks volumes about the power of working alongside like-minded women to better our community.

Our impact in the Houston community is only made possible by the hands of our volunteers and the hearts of our generous donors. As our next century begins, we are honored to continue the story of the Junior League of Houston together. Thank you for being a vital part of our mission as we move into our next hundred years of "Building A Better Community."

Thank you to the 2024 – 2025 Community Partners

The League’s Community Partners consist of corporations, foundations and individuals giving at a level of \$20,000 and above each year. These partners are an integral part of the League’s efforts in “Building A Better Community.”

EXPANDING THE LEAGUE'S IMPACT THROUGH COMMUNITY ASSISTANCE GRANTS

Each year, The Junior League of Houston, Inc. provides Community Assistance Grants to worthwhile organizations that do not receive ongoing volunteer support or financial assistance through the League's Community Program. The League's Community Assistance Committee reviews the grant requests based on their alignment with member-determined impact areas and conducts site visits before making recommendations for funding. When selecting recipients, the committee considers whether an agency request would address a critical or basic need, fund a pilot project or expand a significant service to the community.

Community Assistance Grants are funded, in part, by the Barbara and Roy Adams Endowed Community Grant Fund held by the Junior League of Houston Foundation. This endowed fund was made possible through a generous estate gift from Barbara Beardmore Adams (1940 – 2014), a Junior League member from 1982 – 2014.

The 2024 – 2025 Community Assistance Committee reviewed funding requests from over 75 agencies. The following 16 agencies were awarded a total of \$200,000. A reception and check presentation occurred on Monday, January 27, 2025.

**The selected agencies were celebrated at a special check presentation and reception on Monday, January 27, 2025.
The 2024 – 2025 grant recipients included:**

BAYOU CITY BLESSINGS IN A BACKPACK mobilizes the local community, individuals and resources to provide food on the weekends and during school breaks for Houston children who might otherwise go hungry. They serve almost 2,300 children each Friday of the school year by providing weekend food bags at 14 elementary schools in Houston ISD and Spring Branch ISD. The \$10,000 grant will ensure that children receive weekend food bags each weekend for an entire school year.

B.I.G. LOVE CANCER CARE works to meet the most basic and urgent physical, emotional and financial needs of pediatric oncology and hematology patients and their families. They have fed more than 395,000 children and caregivers, given more than 385,000 toys to kids, granted more than 24,000 weekly wish lists, and awarded more than 100 scholarships since 2007. The \$10,000 grant will help expand Snack Shack to Children's Memorial Hermann Hospital of Houston, which provides weekly food, snacks, drinks and meals on the pediatric cancer unit floor.

COLLABORATIVE FOR CHILDREN supports more than 100 early learning centers across Greater Houston. In 2024, 92.6% of children in their Centers for Excellence demonstrated measurable growth in literacy and numeracy. The \$15,000 grant will help expand the Centers of Excellence program to a new childcare center.

EPILEPSY FOUNDATION OF TEXAS exists to improve the lives of people affected by epilepsy through education, advocacy, research, and connection. Last year, Epilepsy Foundation of Texas had more than 500 patient visits, over 35,000 patient phone calls, and secured over \$750,000 worth of medication through their Patient Assistance Program (PAP) program. The \$20,000 grant will help provide free clinical services to new pediatric patients living with epilepsy.

EPIPHANY COMMUNITY HEALTH OUTREACH SERVICES (ECHOS)

serves people in need by providing access to the health and social service resources that can improve their lives. ECHOS is located in 77036, and 89% of its clients come from the Southwest Houston zip codes surrounding the office. In 2024, 59% of its clients were new to ECHOS. The \$15,000 grant will help expand the Family Stability Program to fifteen new families by providing safe, stable housing and nutritious foods.

GIRLS ON THE RUN GREATER HOUSTON inspires girls to be joyful, healthy and confident using a fun, experience-based curriculum which creatively integrates running. Twenty percent of participants come back for at least one more season. The \$10,000 grant will help expand programming to Alief and Acres Homes.

INTERTWINED creates better communities by building life empowerment skills in youth and allyship in adults. Intertwined empowers young people to build life skills to achieve self-defined success and engages members of the community to learn to amplify the talents of all. The \$15,000 grant will support a summer practical experience that enhances the existing after-school program.

MIKEY'S PLACE helps families that are raising children with disabilities through sharing resources and connecting families to services and programs they need. They also support families and offer “camperships” to assist with the cost of specialized summer camps or other enriching summer activities. Participants receive hands-on skills instruction, recreational and social opportunities, life- long learning and a place of belonging. Its “artisans” are trained to hand-craft high quality products which are sold online, at local retailers, pop-up shops, or community markets. The \$15,000 grant will support a new program that offers vocational training to young adults with disabilities.

MISSION SUCCESS empowers students from Houston’s underserved communities to unlock and maximize their potential through intensive, year- round academic support, health and wellness programming, athletics, and enriching corporate mentor relationships. Mission Success combines the fast- paced game of squash with academic enrichment and mentorship. Notable outcomes include 150 hours of year-round annual academic support per student, 100% high school graduation rate, 100% of high school seniors apply to college, and \$1.46 million has been awarded in scholarships. The \$10,000 grant will help support the Road to College program, which serves to target and close academic gaps with underserved middle and high school students.

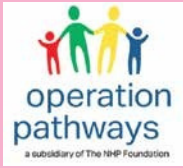

NATIVITY ACTIVITY is a non-tuition, faith-based private school that offers a unique approach to quality education, empowering lower-income students to realize their full potential and create transformative change within communities. The \$10,000 grant will support the school to provide daily breakfast to its middle school students.

NEW LIFE TABERNACLE is a church in Houston that offers a range of ministries and events for its members. Through its program, Project E3, New Life Tabernacle took 50 students and chaperons to visit civil rights and other historical and culturally significant landmarks to foster learning, connection and civic engagement. The \$15,000 grant will support the New Life summer enrichment program for scholars in grades K-8.

OPERATION PATHWAYS seeks to transform affordable housing communities through innovative programs that engage, empower and support residents to achieve the future they desire. In 2024, Operation Pathways supported more than 500 residents facing food insecurity at Cleme Manor Apartments through a community garden, an onsite pantry, and donated food. The \$10,000 grant will support the Cleme Manor Quick Stop that provides free food and other critical resources to residents.

SIRE serves adults and children with a wide variety of special needs through equine-assisted activities and therapies. The organization serves 300 clients each week who experience a multitude of benefits including increased strength, improved balance, increased flexibility, enriched social interactions, improved coordination and enhanced self-esteem. The \$15,000 grant will help support the therapeutic riding program for children with disabilities.

SMALL PLACES works to nurture a culture of health in our communities to renew the bond between people, place and food. They develop farms as essential health infrastructure to upend systemic inequalities at the neighborhood level. Small Places envisions neighborhoods where farms are part of the fabric of the community’s daily life and where everyone regardless of age, income, race or circumstance has the tools to be healthy. In August 2022, Small Places signed a 40-year lease agreement with Harris County for its new 1.5-acre farm lot – the first lease in the county specifically for urban farming. The new farm is geared towards generational health impact in the East End community. The \$10,000 grant will support the management of a larger store that provides fresh produce to residents of the East End.

TEXAS CENTER FOR THE MISSING provides hope and healing to the missing and their families through crisis intervention, prevention and community education. In 2024, Texas Center for the Missing provided direct services to 7,314 individuals, and 68 families were reunited as a direct result of its activities. The \$10,000 grant will allow 1,000 more children and parents to receive NetSmartz safety curriculum each year and launch an online education and outreach campaign promoting digital safety across all TCM social media platforms.

UNDIES FOR EVERYONE provides children living in poverty or crisis with new underwear, recognizing the importance of this small basic need as part of a child’s increased chances of long-term success. Undies for Everyone provides new underwear for over 225,000 U.S. children living in poverty or crisis. With newfound confidence and self-esteem, students are ready to learn and grow. In 2024, Undies for Everyone distributed 1.6 million pairs of underwear and close to 7 million since its inception. The \$10,000 grant will support the purchasing and distribution of underwear.
